

## OUR GOAL

Our ultimate goal is to build the future of St. Pius Parish in three phases. Our immediate goal is to build a new church (Phase 1) large enough to serve our current parishioners and new community members who will move to Beauregard Parish in the coming years. In a 2023 feasibility study, St. Pius X parishioners overwhelmingly supported (98.5%) building a new and larger church, followed by classrooms, a new hall, and office. Once the new church (Phase 1) is completed, our goal will be to complete the classrooms next (Phase 2), followed by the new hall and office (Phase 3).

# \$10M

## WHAT WE NEED

The total cost to build the new church (Phase 1) is a projected total of \$10 million. Our Phase 1 capital campaign goal is to raise \$5 million over the next five years towards the building of the church, with in-kind donations (\$1 million), building fund and parish savings (\$1 million), and loans (\$3 million) funding the remaining \$5 million. Raising \$7 million (Phase 1 stretch goal) towards the church over the next five years would provide substantial savings and allow us to construct the classrooms, hall, and office sooner.

## WHY NOW?

**WE DON'T HAVE TO BUILD A CHURCH FOR THEM TO COME. WE HAVE TO BUILD IT BECAUSE THEY'RE HERE!**

The Ragley area is growing rapidly, and we outgrew our church long ago. If we have no room, we risk losing our Catholic community. If Mass is too difficult to attend, many won't come. And if they don't come, they may lose their faith altogether.

This capital campaign gives you a chance to leave your legacy. It gives families a chance to build a faith-filled community in which to raise their children. And it ensures that the sacraments remain accessible to everyone for years to come.
